Cleaning & Care

- Clean with a soft cloth, sponge or scouring pad using warm water and mild detergent, then rinse with clean water and dry with a soft cloth to prevent wiping marks.
- For stubborn stains, clean promptly using a mild bleach solution (1:15 with water) then rinse thoroughly with clean water.
- Do not use strong cleaning agents to clean granite sinks.
- Do not use strong alkaline or acidic substances as cleaning agents (such as ammonia or caustic soda) to prevent their chemical composition

We aim to ensure that specifications are correct at the time of publication. All measurements are shown in millimetres. Always use measurements of actual product received for final specification as the technical drawing may contain differences. Due to printing limitations, physical colour may vary from the image shown. Fienza reserves the right to make modifications without prior notice.
